### Vision Team Update – Teresa and Cathy

PowerPoint packets on Vision 2021 were passed out and discussed. The mission/goal for Vision 2021 is: *In 2021 we will be more actively living our faith, in family, in parish, in community.* The three priorities for reaching that goal are:

- A vibrant, faith-based school
- Youth and young adult engagement
- Journeys to deeper faith

Next steps were also discussed, including communications to the parish and the formation of four teams, which consist of a Parish Implementation Team and a Priority Team for each of the three priorities listed above. Cathy and Teresa were thanked for the many hours of hard work on the Vision Team, as well as for their future efforts as the vision is implemented.

**Discernment Team Update** – Bill and Andy reported that the team has called potential discernees, and that the first of two meetings with them will take place next week. Stewardship is hoping to gain two new members.

**Parish Council Update** – no report given due to lack of quorum at last meeting.

### Festival:

- Stewardship Booth – A discussion was held on whether to continue with the “Guess the Jelly Bean” free game, or if there would be a better way to engage people. The decision was tabled until next month.

- Bid and Buy basket- The team felt that gift cards and other types of consumable products were popular and appealed to a broader population. The title of the basket was suggested to be “Eat, Drink and be Merry.” It was felt that communication on contributions to the basket could be held via email with the Stewardship team.
